# ANABELLE B. VELASQUEZ

FULL STACK DEVELOPER

Nalook, Kalibo, Aklan
anabelle.velasquez@sdca.edu.ph
0993 446 4414

PROFILE

Results-driven Full Stack Developer with expertise in designing and developing responsive, user-friendly websites and mobile applications. Proficient in multiple technology stacks, including React.js, Laravel, CodeIgniter, C, C++, and C#, with a keen interest in software reverse engineering and game hacking. Adept at optimizing performance, troubleshooting complex issues, and delivering scalable solutions. Passionate about leveraging technical skills to create innovative digital experiences while continuously expanding knowledge in emerging technologies.

WORK EXPERIENCE

FULL STACK DEVELOPER | FREELANCE & ACADEMIC PROJECTS
(2023 – Present)

- **Coffee Shop Management System (Web-Based) (Current Project)** — Currently building a management system for a coffee shop using React. Features include inventory tracking, order management, and sales reporting.

- **iTrade – Barter Trading Android App (Capstone Project, 2024)** — Designed and developed an Android-exclusive app using Java in Android Studio. The app enables users to barter items without using money, featuring account-based login and real-time item posting.

- **Library Website System (Capstone Project, 2023)** — Developed a fully functional library management system as a final project using the CodeIgniter framework. Includes features like book catalog, user management, and transaction tracking.

- **Car Rental System (Web-Based) (Capstone Project, 2023)** — Created a car rental system using CodeIgniter, allowing users to browse available vehicles, make bookings, and manage rental history through an admin dashboard.

EDUCATION

- **Bachelor of Science in Information Technology**

  2021 - Present
  St. Dominic College of Asia
